

Nat Greene Fly Fishers Newsletter

April 2016

April 12th, Tuesday @ 7pm [Leonard Recreation Center](#) – Jack Patterson is going to hold an Instructional Night - Jack will start with the dropper and work backwards to the point fly, tippet, leader, fly line to leader, line to backing, backing to reel, reel, and rod. He will then discuss basic casting, sampling the water, and stuff that he carries in his vest. If you know Jack, then you know regardless of your skill level you do not want to miss this meeting!

Then as a bonus, at the end of the meeting Jack will have a drawing to take a rookie fishing. This drawing will be geared to those who are beginning fly fishers.

April 16th & 23rd – Bill Wilkerson Casting Lessons/Tune-up - Leonard Center from 1:00pm to 3:00pm. We'll be **inside on the basketball court** with our Orvis Practice Casters or Fly-O's. We are planning on having some fly casting inside, and after 3:00 we can go outside to lawn cast with your favorite rod. We will be using the basic fly casting techniques that I learned at the Wulff Fly Casting School in upstate New York. Each class will accommodate 20 casters. Please sign-up by emailing Bill Wilkerson if you plan to attend, choosing either the 16th or the 23rd. This seminar is provided as a service to members as a benefit of membership. **To sign up, or any questions? Email Bill Wilkerson, at: Billgso@aol.com**

May 10th, Tuesday @ 7pm [Leonard Recreation Center](#) – Jake Rash with the NC Wildlife Resources Commission is going to discuss a study that has been conducted with the assistance of NCSU. Stocked fish have been tagged and tracked in selected Delayed Harvest Trout Waters to find out what they do and where they go after being released into the stream. We have always wondered how quick they acclimate; and if they move upstream, downstream or both. This has been a multi-year project that should have some very interesting findings.

June 14th, Tuesday @ 7pm [Leonard Recreation Center](#) – Roy Davidson & Ron Zambor with Project Healing Waters of W-S will tell us about PHW.

July & August No Meetings

September 13th, Tuesday @ 7pm [Leonard Recreation Center](#) – Mike Bawden with Flymen Fishing Co. will talk about their fly tying products and flies as well as the newest, latest innovations that have been launched in 2016.

We meet 2nd Tuesday of the month @ 7pm at [LEONARD RECREATION CENTER](#)
[6324 Ballinger Rd.](#), Greensboro, NC
TU/IFFF
