

Nat Greene Flyfishers Newsletter

May 2014

May 13th, Tuesday @ 7pm Leonard Recreation Center – Lance Mitchell will talk about "BLUE LINES FOR WILD TROUT"

Lance Mitchell will be our speaker for the May meeting. If you want to learn more about fishing for wild trout on those small and sometimes unnamed streams that are numerous in our mountains, be sure to attend this meeting. Lance has an excellent presentation that shows the history of the fish and the streams. He has spent many years fishing for wild trout and will have a lot of information on how and where to go after these beautiful fish.

We meet at 7pm at [LEONARD RECREATION CENTER](#), 6324 Ballinger Rd., Greensboro

June 10th, Tuesday @ 7pm Leonard Recreation Center – Anthony Hipps will talk about Warm Water Fishing

“Have you wondered about fly fishing for bass, panfish, carp, even catfish? Anthony Hipps will talk about fly fishing techniques, flies and opportunities for warm water fly fishing.”

****We will not have monthly meetings in July and August.**

September 9th, Tuesday @ 7pm Leonard Recreation Center – Matthew Green will talk about bugs.

Matt Green will talk about aquatic insects and their imitations. He will tell you secrets about identifying and tying insects to catch more fish. Matt was a presenter at the W-S Fly Fishing Show, so you will not want to miss him in September.

I want to thank all the members who solicited donations from vendors, tyers, and those who looked in their fishing closet and donated gently used equipment. Our member's efforts have made my job as Banquet Chairman very easy.

Thank you!!

Laura

I have emailed contributions receipts, so please let me know if you did not get one. Many of the receipts went directly to a vendor and referenced the member who solicited it.
