

[Nat Greene Fly Fishers](#) came back from their summer break and started the fall with some great meetings. In September we had Steve Rippey from [Three Rivers Outfitters](#) who talked about fishing and kayaking opportunities on the Dan, Mayo and Smith Rivers.

In October Bill Wilkerson a certified FFF caster and 3 time attendee to the Wulff Fly Fishing School helped us “fine tune” our cast by focusing on some basic techniques. Bill plans to revisit in the spring to refresh the basic techniques, and pick up more advanced cast like the roll cast.

The November 12th meeting will feature **J.E.B. Hall** as our speaker. Many of you are very familiar with his fishing book’s [Western North Carolina Fly Guide](#) and [The Southern Appalachian Fly Guide](#) which are definitive guides to fly fishing. Make sure you bring your copies to have them signed! There will be a limited number of books available for purchase at the meeting.

The December 10th meeting will feature Brian Williams from Martinsville, VA. Brian is going to give us pointers for fishing the Smith River in Virginia.

Like many clubs we are trying to provide a service for our members as well as support the guides and vendors who support us. We have added a [“Supporters”](#) page on our website where we will feature any specials or classes that we are made aware of.

We are also holding a special drawing for a one day fishing trip with [Jeff Wilkins Fly Fishing](#). Entry tickets are obtained by attending meetings September – November. If you have attended all three meetings you will have 3 tickets in the pot. This drawing will be at the end of our November meeting as well as our normal monthly drawing for a gift certificate from the [Outdoor Provision Company](#)!

Our 2014 Annual banquet will be April 12<sup>th</sup> and [Jeff Wilkins](#) will be our seminar and evening presenter.
